

Facing their greatest insecurities on the trip of a lifetime.

Follow the emotional journeys of a diverse group of people who travel to Thailand, combining cosmetic surgery with a luxury vacation.

They come from different parts of Australia – all with their own needs, insecurities and dreams. It will be a trip that will change their lives forever.

They turn to each other for support through the tough times and relax in five-star resorts during their recovery. Some will forge friendships, while others will find conflict.

Their medical treatments prove to be an emotional rollercoaster. Tears flow as the home-sick patients miss their loved ones.

With such radical alterations to their appearance, will they be happy with the results? And what will their family and friends think of their transformations during the final reveals?
