

Flip My Florida Yard Episode Titles and Descriptions

FMFY0101	The De Las Alas Family in Gainesville	The Flip My Florida Yard crew heads to Gainesville to transform the backyard of two essential workers who are in need of a Florida Friendly oasis.
FMFY0102	The Lewis Family in Winter Park	The Flip My Florida Yard crew makes a stop in Winter Park to flip a small, front yard full of gravel into a lush garden.
FMFY0103	The Shanbhag Family in Tallahassee	The Flip My Florida Yard crew goes to the state capital, Tallahassee. A beautiful rain garden is installed to solve the family's erosion issues.
FMFY0104	The Wilson Family in Lake Worth	We transform a Lake Worth family's weedy backyard into a low-maintenance oasis where the seven of them can safely connect outdoors.
FMFY0105	The Bell Family in Tampa	The Flip My Florida Yard crew heads to Tampa where they're not only flipping an entire front yard...they install a whole new permeable driveway too!
FMFY0106	The Durta Family in Panama City	The Flip My Florida Yard crew travels to Panama City to transform a yard destroyed by Hurricane Michael in 2018 into a beautiful resilient landscape.
FMFY0107	The Lindsley Family in Oviedo	The Flip My Florida Yard crew makes a stop in Oviedo where an unsightly septic hump is transformed into a gorgeous Florida-Friendly landscape.
FMFY0108	The Ocampo Family in Sanford	The Flip My Florida Yard crew goes to historic Sanford where they turn this blank canvas into a sustainable landscape.
FMFY0109	The Greenberg Family in Fort Myers	The Flip My Florida Yard crew is off to Fort Myers to turn a waterfront backyard into an environmentally friendly landscape.
FMFY0110	The Cruz Family in Miami	The Flip My Florida Yard crew heads south to Miami where this family of four gets the backyard flip of their dreams.
FMFY0111	The Valdez Family in Oviedo	Our flip team turns a young, central Florida family's backyard into a beautiful oasis full of wildlife attracting plants. The Valdez family's new space will serve as a place for them to gather and spend quality time together outdoors.
FMFY0112	The Greene Family in Jacksonville	The Flip My Florida Yard crew gives the Anfuso-Greene family the front yard of their dreams. We build a front yard deck surrounded by Florida-Friendly plants and a new permeable driveway to solve an ongoing flooding issue due to improper stormwater runoff.
FMFY0113	The Reynolds Family in St. Petersburg	The flip crew heads to St. Petersburg where our homeowner, Beth Reynolds, has been battling weeds and sandspurs in her front yard. Our team of landscape professionals work in unison to flip her corner lot into a Florida-Friendly Landscape that will serve as an example for her friends and neighbors to follow.
FMFY0114	The Johnson Family in Odessa	The Johnson family has always been involved in the community by offering their backyard for social gatherings, and even weddings. Well this time, the community and our flip crew team up to return the favor and take this big backyard to the next level. We turn the Johnson's existing party pad into a beautiful Florida-Friendly space to entertain with.
FMFY0115	Condo Flip in Cocoa Beach	Join us as we flip our first condominium in Cocoa Beach. We remove a retired shuffleboard court and create a new permeable patio surrounded by native plants, welcoming butterflies and birds. This new common space will serve as a community hangout for residents to relax in nature and observe all the newly attracted wildlife.
FMFY0116	The Wink Family in Marathon	Our flip crew is in the Florida Keys turning a once overgrown disorganized backyard into a functional shade hammock. We'll also show you how to help protect Florida's greatest and most important resource, water, by using rainwater to supplement their irrigation system.
FMFY0117	The Richman Family in Punta Gorda	Our flip team heads to Punta Gorda where we highlight how a Florida-Friendly design is submitted to a strict homeowners association. Follow us as we go through the process of getting a Florida-Friendly landscape designed approved by an HOA.
FMFY0118	The Henley Family in Coral Springs	The flip crew heads south to Coral Springs where we help a mother and son remove a ton of invasive plants from their front yard. We'll also show you how to install and use a rain chain to direct water into a rain barrel.
FMFY0119	The Cox Family in Orlando	New to Florida, The Cox family learned what worked in Texas doesn't necessarily work in Florida. The Flip Crew installed over 200 plants to help transform this rocky-filled front yard into a Florida-Friendly Landscape.
FMFY0120	The Abich Family in New Smyrna Beach	The flip crew heads to New Smyrna Beach to help a young couple flip their front yard into an inviting, Florida Friendly Landscape. The team installs a paver patio and a landscape in tune with our environment.
FMFY0121	The Bluvol Family in North Port	The team is in North Port, attempting to flip a massive backyard into a Florida-Friendly outdoor living space. Hosting over 700 plants brings a biodiversity boom into the backyard.
FMFY0122	The Del Valle Family in Titusville	The Del Valle family wants to protect the Indian River Lagoon by having a Florida-Friendly yard. Their new landscape will help reduce stormwater runoff, attract wildlife, and be a place of refuge.
FMFY0123	The Stengel Family in Fort Lauderdale	The flip crew is in Ft. Lauderdale, flipping a small front yard for a big environmental impact. We install over 700 plants and trees and a permeable paver driveway to help reduce stormwater run-off.
FMFY0124	The Mraz Family in West Palm Beach	The flip crew is in West Palm Beach to help a single mom find balance between life and landscape. We create a clay paver patio surrounded by 200 Florida Friendly Plants, plus a sandbox for the kids.
FMFY0125	Camp Boggy Creek in Eustis	Camp Boggy Creek helps kids with serious illnesses. Volunteers overhaul one of the camp's main entrances. We created a sensory garden and installed over 3,000 square feet of paver for outdoor teaching areas. Then a reveal so big we needed a bus!
FMFY0126	The Leao Family in Boca Raton	The Leao family's front yard was full of sand spurs and weeds, 8 hours later, the flip crew created a beautiful Florida Friendly Landscape. The team installs a new driveway to reduce stormwater runoff and plants to attract pollinators.
